

## E-waste Event Reoprt

On Friday, April 17<sup>th</sup>, The Gallatin Solid Waste Management District, along with the Gallatin Local Water Quality District, held a collection event for electronics wastes for county businesses, and for residents on Saturday the 18<sup>th</sup>. MSU loaded and shipped their own truck on Thursday the 16<sup>th</sup>, sending out approximately 8.75 tons. Over the next two days, we collected another 91 tons, for a total of 99.75 tons diverted and recycled. Traffic was steady until about 15 minutes until 2:00pm, when the event was scheduled to end, and no one was turned away.

The event would not have been possible without donations, dozens of volunteers, and our corporate sponsor. On the whole, the event was a success, we approximately doubled the amount of waste that ECS was expecting. They were planning on 3-4 truckloads, we shipped out 7 full size trailers, plus a pup trailer.
